Section 3 — WORK ATTITUDES — Continued

- 47. We would like to find out whether people's outlook on life has any effect on the kind of jobs they have, or the way they look for work, how much they work, and matters of that kind. On each of these cards is a pair of statements, numbered 1 or 2. For each pair, please select ONE statement which is closer to your opinion. In addition, tell me whether the statement you select is MUCH CLOSER to your opinion or SLIGHTLY CLOSER.**

In some cases you may find that you believe both statements, in other cases you may believe neither one. Even when you feel this way about a pair of statements, select the one statement which is more nearly true in your opinion.

Try to consider each pair of statements separately when making your choices; do not be influenced by your previous choices.

a. Show Flashcard (C)

447
